Queerying Families of Origin

Edited by **Chiara Bertone**, University of East Piedmont, Italy and **Maria Pallotta-Chiarolli**, Deakin University, Australia

Putting families of origin into the queer picture, this book provides an original insight into the ways people, with their different gender and sexual identities, "do" families across generations, and contributes to querying the very dichotomy between families of origin and families of choice. This book was originally published in *Journal of GLBT Family Studies*.
